

## Interview Techniques & First Impressions

The person interviewing you will form a first impression of you within seconds of walking through the door - those who make a poor first impression put themselves at an obvious disadvantage. A first impression is based more on what you don't say than what you actually do – 55% appearance, 38% tone of voice, and only 7% what you actually say.

### What Are You Saying When You Walk Into An Interview?

**The Interview Techniques & First Impressions Workshop is Designed to:**

-  Help you discover what an interviewer sees when you first walk through their door
-  Give you tips on how to improve your presentation and make a stronger first impression in your next interview
-  Share interview do's and don'ts from experienced recruiters
-  Teach you how to prepare for your next interview so you convey confidence and professionalism

The first impression you make at an interview can make or break your chances of getting a job offer. Talent Train can help. For only \$39, our professional and trained instructors will share the knowledge that they've discovered through years of interviewing thousands of applicants. Our workshop will give you the tools needed to make the right first impression at your next interview.
